# ABOUT US

*At Raj Engineers, we specialize in providing high-quality machinery parts tailored to your specific requirements. Since 1999, we have been a trusted name in manufacturing high-quality industrial machine parts, gauges, and tools.*

*We operate a state-of-the-art workshop in Gujrat that stands apart in the industry- a setup few, if any ,job work providers in region can match. Our facility is equipped with advanced machinery from renowned brands like Haass and Ace Micromatic , enabling us to deliver unmatched precision and efficiency.*

*Our backbone , i.e. machine operators and QC engineers are well trained and are the best to fulfill your machining requirements.*

*At Raj Engineers , we take pride in delivering high-precision work with unwavering attention to detail. We also believe in building lasting relationships by acknowledging and honoring every single requirement our customers share with us.*
